

# Passover Social Story & Resources

---

by Jaime Bassman

I'm going to a seder!

I will be at a seder. Sometimes seders are at home. We might go to a family member's house.

During a seder, lots of things need to happen before we eat the meal.

I can ask to eat some food before the seder so I don't get hungry.

I can get a schedule so I know what is going to happen next.

We read from a special book and sing songs.

There are foods on the seder plate. We will talk about the different foods first.

If I need a break, I can ask a grown up  
for a short break. Then I can come back  
to the table.

Everyone will be proud of me!

## Passover Is Different

I really like to eat bread. I like pizza, Goldfish and macaroni and cheese.

During Passover, there are certain foods we don't eat.

We eat matzah instead and foods that don't have flour.

I may not be able to eat my favorite foods for eight days. I may be sad.

There might be other foods that I can eat. It might come in a different box. I will try to be flexible.

I will have a great Passover!
