

Jewish Learning Venture®

Innovative Programs. Connected Jewish Lives.

Activity: Middot Meme

Middot: Joy/Sameach
Zest and Zeal/Zerizut

What?

Create a humorous visual representation of a topic you are learning about. Include a few words and an image that succinctly get at the heart of the matter.

Why?

It will engage your students in a way that connects to their digital world.

How?

- This can be done digitally or with paper, scissors, and glue.
- The best Memes are shared!
- If you use paper, take pictures and post them.
- If you create them digitally, post them.
- Your students probably already know how to make them ;)
- Your phone's camera app probably has a "text" or "pen" tool to add words.
