Activity: Secular Books That Teach Jewish Values

Middot: *Wisdom/Hochma*
Understanding/Bina

What?

Explore and create secular stories that incorporate middot.

Why?

Seeing how middot are part of our everyday actions helps students to see that Jewish values permeate our lives.

How?

- Have your students explore the books on the table and match the middot card with the book.
- Create a comic strip about everyday life in which one of the characters embodies that middah.
- Share your comic strip with your classmates.
- See if they can match a middah to your comic strip.

*Any questions? Want to share your story?
